

The Fairness Gap

Rising costs and volatile incomes have left households exposed. Traditional aid often exhausts capital. We preserve the fund while restoring footing through a managed cycle.

Mechanism at a Glance

- Corpus preserved; support delivered via structured advances.
- Managed restoration cycle; downside safeguarded with clear limits.
- Verification without voyeurism — minimal, meaningful metrics.

Milestones Overview

- M1: Quiet identification & consent.
- M2: Baseline and immediate pressures triage.
- M3: CSS advance + spending guardrails.
- M4: Past-due stabilisation with counterparties.
- M5: Income steadiness plan (weeks not months).
- M6: Restoration cycle completed; corpus preserved.
- M7: Ongoing savings habit and community anchoring.

Outcome

Restored stability for families, a safeguarded fund for the community, and a replicable model for other regions.
